

bet-at-home.com with a growth increase in the business year 2006.

- Group results after taxes amounts to + 973, 6 EUR with a turnover of 334, 9 Mio. euros.
- 1 Quarter with an already visible strong growth.
- Planned turnover for 2007 amounts to 480 Mio. euros.

bet-at-home.com AG has gained a growth increase at a group level in the business year 2006 from 68, 9 Mio. euros (according to 2005) to 334, 9 Mio. euros. Therefore, the already increased turnover of 320 Mio. in August 2006 can once again be exceeded. Also the goal to gain a positive result has been accomplished. The group results after taxes amounts to 973, 9 TEuros.

The number of registered customers according to 12.2006 is approximately 664.000. The group balance sheet has been examined by PKF Fasselt & partner, chartered accountants company, and has been provided with an unrestricted authentication.

The first quarter reported a continuous strong growth. The not evaluated turnover in the 1 quarter lays at approximately 113 Mio. euros. The number of registered customers by the end of the quarter has risen to 743.000. The main reason for the gain of new customers continues to lay in east- and south Europe.

In the business year 2007 the company estimates a growth increase up to at least 480 Mio. euros, with yet continuous positive results.

The online horse betting company Racebet.com (60% participation) is also developing quite well. The business year 2007 has already been estimated with positive results. The company report for the business year 2006 will soon be available online on the homepage www.bet-at-home.ag.
