

Financial figures 2007, 1st Quarter 2008, forecast of fiscal year 2008

- Rise in turnover from 334,7 Mio. Euros to 494,2 Mio. Euros in the Fiscal year 2007
- 1st Quarter of 2008 with an all-time record gross profit and continuous strong growth in turnover
- A rise in turnover of over 700 Mio. Euros is expected for 2008 with a gross profit of 35 Mio.

In the fiscal year 2007 bet-at-home.com AG has made a rise in turnover from 334,7 Mio. to 494,2 Mio. Euros (+48 %).

Gross profit, an important figure in the eGambling Market, has risen from 13,5 Mio. to 23,4 Mio. (+73 %).

bet-at-home.com has achieved the highest profit raise within the gaming industry in 2007.

The annual surplus amounted to -848 TEURO (Previous year +1,072 Mio. Euros).

The slightly negative figures result from expenditures for market entry into new target markets, since the expansion into Eastern Europe could be implemented more rapidly than planned. The increased investments for the new target markets form the basis for further enormous growth in the year of the European Football Championship 2008.

In the fiscal year 2007, bet-at-home.com AG could increase the degree of popularity of its brand considerably. With a clearly increased advertising expenditure of 16,6 Mio. Euros (previous year: 8,4 Mio. Euros), the bet-at-home.com brand and the advertising message "Life is a game!", particularly in the east and south of Europe, was widely spread and recognised.

In this respect the number of registered users has risen from 664.000 to 975.000.

60% shareholding Racebets.com GmbH developed itself very positively: during the fiscal year 2007 only 129 TEURO loss was accrued, starting with the 4th quarter of 2007 the establishment has been working with a definite increase in profits.

In the 1st quarter of 2008 the gross profit (stakes less the winnings) within the group of companies already amounts to 8,1 Mio. Euros.

At the end of the first quarter the number of registered users reached 1.175.000.

For the fiscal year 2008 the bet-at-home.com group of companies is expecting a turnover of over 700 Mio. Euros as well as a gross profit of at least 35 Mio. Euros.
